

In the Netherlands, U.K. and other European countries, a farmer must secure permission from a government agency to cut down a tree. Government administrators decide how much and when crops must be planted. In the Netherlands, for example, potatoes must be planted in a plot no more than once each three years; no over-planting is permitted.

Government agencies also set the sale price of farms and approve sales. Lease arrangements are approved by the government.

ple want to bounce television shows and telephone conversations off a satellite, it's all right with me, but I am curious about what they have to talk about that's so important. I can't imagine anything I could think to say that would require the launching of a satellite to bounce it to the other side of the world.

Quick communication, I've been told, is a boon to understanding, but have you ever listened to two women talking on the telephone for 45 minutes without ever coming to any understanding?

I understand also you can install a telephone on a tractor, but I always figured a man with something so important he needed a phone while plowing, is too important to be plowing in the first place. I guess I could get a phone installed on mine, but I can't

I have a notion that what all this hurry to talk to somebody amounts to is the exercising of the age-old habit some people have just for talking, and my theory is that quicker communication systems don't improve conservation, they just enlarge the field of coverage.

However, I read last night that somebody has perfected a typewriter in which you can talk and your conversation comes out typed, and here is one invention I believe may have great possibilities.

Under the present system, if somebody is talking to you, you almost have to listen, whether you pay attention to it or not. But under this new system, you could turn on your typewriter, tell your conversationist to go ahead and talk, you'll read it later, and you could keep on reading or watching television or whatever it is you're doing, even if it's just sitting and staring. Then after he's gone, you could read what he had to say, or wad it up and throw it away. I could use one of those machines, with a large waste basket to go with it.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWELVE ON THE BALLOT
PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.
SENATE JOINT RESOLUTION NO. 19 proposing an amendment to Article IX of the Constitution of the State of Texas to add a new Section 1-A which permits the Legislature to delegate certain zoning powers to the governing body of any county bordering on the Gulf of Mexico or the tidewater limits thereof.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto a new Section, immediately following Section 1, to be known as Section 1-A which shall read as follows:
"Section 1-A. The Legislature may authorize the governing body of any county bordering on the Gulf of Mexico or the tidewater limits thereof, to regulate and restrict the speed, parking and travel of motor vehicles on beaches available to the public by virtue of public right and the littering of such beaches."
"Nothing in this amendment shall increase the rights of any riparian or littoral landowner with regard to beaches available to the public by virtue of public right or submerged lands."

A Life Saver

Parents would not dream of permitting their children to venture out on the waters without some protection. Yet, only too many of these same parents do not prepare their children for the dangers of everyday life. The Bible says

"Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand."

Begin now, to safeguard your children by taking them to church.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

TO PLEASE EVERYBODY

(WELL... ALMOST EVERYBODY)

Even the most persnickety luxury-lover couldn't ask for very much more than a Jet-smooth Chevrolet (like that Impala Sport Coupe at the top). Yet it's all yours for a Chevrolet price. (And you know how low that is.)

Here's the best thing that's happened to make money go further since budgets—the lively low-cost Chevy II. It's got all kinds of room. And comes in 11 models, too—like the Nova 2-Door Sedan (second from top).

Want a roomy family car and a sporty driver's car for one low price? The rear-engine Corvair Monza (e.g., that Club Coupe, third from top) plays both roles to the hilt. Care to join the club—and get a buy, to boot?

The weather the last few days has been hot, over a hundred degrees of it, in fact Sunday was 103 and that is hot in any body's country. But if people think it is bad, so do

the worms and that is just what we need: some hot, dry, weather to discourage the boll worms that have such a start in our little cotton. It is too soon to tell if the lady bugs that were turned loose last week by the gallons will aid or not.

Several visitors were in church Sunday. Bill Ford, of Abilene, was at both services with his parents, Mr. and Mrs. Joe Ford. Mr. and Mrs. Johnny Lewis, the pastor's parents were present Sunday morning. Mrs. Bill Newland had her grandchildren, Doug and Jerri Elliot, with her.

Other visitors were Johnny and Cathy Combs, who are visiting the Goodwins for a week. David Ford preached his first sermon last Wednesday, at the church. A fair crowd attended, despite the rain which was threatening.

Mr. and Mrs. Fred Rosenbaum went to Lubbock Sunday to attend the annual Moss reunion, which is held in the park at that place.

Connie, Della and Maude Drake went last Tuesday to Romey, which is below Cisco, to spend the day with Mr. and Mrs. Gil Walker.

The Drakes report that they received a letter the past week from Steve Ateek, a frequent

visitor to our church. Steve is in Electra again this summer, working at the mortuary, where he worked last summer. He will return to Hardin Simmons this fall where he will be a senior.

Mrs. Earl Herbst ate lunch with Mr. and Mrs. Mel Jones Saturday.

Mr. and Mrs. Clois Henry of Snyder, flew over to visit his parents, Mr. and Mrs. E. A. Henry Sunday afternoon. They landed their small plane on an isolated road near their house, spent three hours and returned home. Things are really getting modern, when you can go visiting on Sunday afternoon in your plane.

Mr. and Mrs. Woodrow Goodwin visited again with his brother, Mr. and Mrs. Bryan Goodwin, Sunday afternoon. Mr. Goodwin is still having very much trouble with his leg that has been broken twice as it seems to be stubborn about healing.

Woodrow Goodwin's brother from California, Weston Goodwin, and granddaughter, visited a while with them Sunday.

Mr. and Mrs. Ray Herrill of Abilene, spent Sunday with her brother, Mr. and Mrs. Flavil Holmes.

Rev. and Mrs. Derrel Lewis and children were guests Sunday of Mr. and Mrs. Henry.

Jack Wright left Sunday for Dallas, where he will attend a trade school, taking a course in electronics, for the next week.

Mr. and Mrs. Winson Gray purchased the Johnny Crow home in south Hamlin last week, and will move into it in the near future. He will continue to farm as usual, but will be a "town farmer," as so many others are doing, that have moved into town to find plenty of water.

The members of the church met Saturday and gave the house and grounds a good cleaning, in preparation for the coming revival.

Revival time is at hand for us, as it will begin this coming Friday night, and continue for ten days. We hope to see many of our friends from surrounding communities with us. You don't have to be a Baptist to be welcome. If you love good old time preaching, come worship with us. As we have said before, our pastor will be the preaching and the song service will be led by Nancy Ford in the morning services and Jack Wright at night.

AS IT LOOKS FROM HERE ...

By OMAR BURLESON

WASHINGTON, D.C.—The very fact that we talked about agreements with the Soviet Union on disarmament gives cause for concern and anxiety. On the other hand, the leaders of this world simply must talk about the awfulness of weapons capable of destroying the world.

The United States and Russia alone have in their military stockpiles more than 10 tons of TNT for every living human being, according to those considered experts.

The Automobile industry carries on one of the biggest guessing games in the world. It is also a sort of a betting game. The manufacturers of automobile decide long in advance the kind of cars they should produce and how many they can sell.

The state of the economy is under continuous study and elsewhere. At the present time discussion in Washington and auto manufacturers are going all out on 1963 models. In their view, the economic factors are all pointing upward. One Vice President told his National Council of Dealers, "The percentage of people who expect to be better off in another year has not been higher at any time in the past ten years."

Previously discussed in this column was the proposal for Federal assistance to public transit systems. The view was expressed that remedies should be found by the big cities without the Federal Government becoming involved.

This is not to ignore the problem, because no one can deny serious problems in most every city of any size certainly exist.

Records of the Transit Authority of Chicago show that in 1966 horse drawn streetcars averaged 12 miles per hour in downtown traffic. In 1960 buses averaged only 11.66

The liberal Washington Post laments the fact that Southern conservatives have so much power in the Congress by reason of their holding the Chairmanship of the major Committees. They like to quote editorially Woodrow Wilson, who wrote in 1885, "I know not how better to describe our form of government in a single phrase than by calling it a government by the chairman of the standing committees of Congress."

They also like to quote the senior Henry Cabot Lodge, writing in 1887, who said in part that the House of Representatives "is a complete travesty on representative government, upon popular government, and upon government of the nation."

Coy spent last Monday night and Tuesday with their grandparents, Mr. and Mrs. Elmer Joiner.

If the weather doesn't interfere, the men will plow Mr. Roy Smith's cotton Tuesday morning. The last two dates have been showered out, so it is getting important that it be plowed.

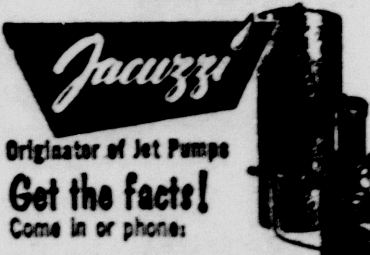

Mr. Smith is still in the hospital, but is able to be out and around some, having been in Hamlin one day. We understand that he will soon have an artificial foot and hopes to be able to be up and around again.

Mr. Roscoe Greenway, now a resident of Hamlin since moving his house to town, has had his daughter, Carolyn and husband, Col. Gordon Knight, visiting with him and other relatives. Carolyn has also made a career of the service with a rating of captain. This reporter er way of addressing an officer being just another private citizen and not knowing the prop and wife who is also an officer, but to us they are just Carolyn and her husband, as she was reared in our community and it is always good to see her back home.

ing numerous pieces of radical legislation. Our nation should shudder to think that the situation might be otherwise.

For this principal reason Congress and its operation are always fair game for the predominantly liberal press. Particularly this is the case of the "bounty hunter" reporter who is able to sell sensational stories on its shortcomings, which, of course, are many.

MRS. ULYCESS CLAYTON LEE JR. ... formerly Wanda Fay Sizemore

JO ANN SIZEMORE, U. C. LEE JR. MARRIED JULY 28

Jo Ann Sizemore and Ulycess Clayton Lee Jr. were united in marriage in double ring ceremonies read in the home of the bride's parents, Mr. and Mrs. R. M. Sizemore, 516 Southwest Fourth Street, Saturday, July 28, at 8:00 p.m. The bridegroom is the son of Mr. and Mrs. Ulycess Clayton Lee Sr.

The Rev. Spencer Liles, pastor of the Foursquare Church, officiated.

Wanda Fay Sizemore was maid of honor for her sister, Billie Simms of McCamey was bridesmaid.

Thomas Welch was best man and Joe Eddie Bogle was the groomsman.

Given in marriage by her father, the bride wore a street length gown fashioned of white lace and net over white satin. The fitted bodice of lace over satin was designed with rounded neckline and mid arm length sleeves. The full gathered skirt of white net was over

white satin. Her headpiece was formed of pink blossoms and seed pearls and held an elbow length veil edged in pearls and silver. She carried an arrangement of pink carnations atop a white Bible.

Her attendants' dresses were pink lace over taffeta designed with street length skirts. Their headresses were small white hats with face length white veils. They wore corsages of pink carnations.

The reception was held following the ceremony with Margaret Lee, Brenda Lee and Mrs. L. O. Fields, sisters of the bridegroom, serving.

Following the wedding, the couple left for their home in Abilene at 1358 Cedar. The bride wore a white lace dress with all white accessories. Her corsage was pink carnations.

The bride attended high school at McCamey and Hamlin. The bridegroom graduated from high school here in 1961 and is now employed in oil field work in Abilene.

Faith MYF Supper Well Attended

The Faith Methodist MYF Hawaiian Supper had a very good turnout.

The entertainers for the group were Freida Ford, June Bond and Pam Austin, vocalists, with Judy Fitzgerald at the piano and David Brown on the bongos.

Beth, Darrell and Ricky, children of Mr. and Mrs. Bob Craig, are visiting with their maternal grandparents, Mr. and Mrs. T. P. Fincher of Albany, this week.

Mr. and Mrs. Bob Craig attended the Texas Junior Chamber of Commerce Area II meeting held in Fort Worth last weekend. They also attended the Miss Pageant Saturday evening which was staged by the Fort Worth Jaycees. A reception honoring Miss Texas, Penny Lee Rudd of Marshall, and Miss America, Maria Beale Fletcher, was held at Hotel Texas following the pageant. Linda Loftis of Fort Worth, Miss Texas of 1961 was also present.

Three girls, Karen Weathers, Georgia Morgan, and Donne Croan, from the Jolly Bluebird Group, have just returned from Camp Letoli near San Jo, Texas. Camp Letoli is the Camp Fire Camp for the North Central Texas Area Council. The girls were at the camp for a week.

Mr. and Mrs. Herman Shaffer went to Denton last week to visit Mr. and Mrs. N. Crockett and Mrs. W. H. Miller. They also went on a tour of Six Flags over Texas, near Fort Worth.

Mrs. Herman Williams and daughters, Janet Renee and Sandra Diane, of Brownwood, are visiting her parents, Mr. and Mrs. E. T. Williams.

ment. In Holland, a renter can secure a refund of payments made if the owner has failed to put the lease in writing.

The government in most of these countries decides where, when, how much and at what price commodities will be marketed. In some countries, farmers cannot change market or buyers without paying a compensation penalty to their previous buyer.

Farm organizations are not independent, but an arm of the government, with membership compulsory in most countries.

If taking the government into partnership is the road U. S. farmers want to go, they "ain't seen nuthin' yet" to what will happen when the federal administrators start importing ideas from overseas and refining them to 'help' the farmer.

Government control is credited with "helping" most European farmers remain peasants and second-or-third-class citizens.

HEIDENHEIMER'S

"I CAN LICK YOU AND YOUR KID BROTHER, TOO!"

SAID THE FORD FALCON TO THE CHEVY II (AND CORVAIR)

No matter which compacts you compare the facts favor the Ford Falcon. Here's proof!

FALCON VS. CHEVY II

- Chevy II tried to copy Falcon's lines, length, wheelbase, height, width—and many inside dimensions. But here's where it missed!
- Falcon's standard engine is a smooth Six; Chevy II's is a Four!
- Falcon offers more passenger comfort—almost 1 inch more rear leg room for example!
- Falcon has bigger rear doors—1 1/2 inches wider!
- Falcon goes 6,000 miles between oil and oil filter changes*. Chevy II, 4,000—a 33% savings!
- Falcon has extra layers of insulation—50% more underfoot!
- Falcon holds the Mobil Economy Run's gas mileage record for a Six or Eight!

PLUS 10% more glass area, multi-leaf instead of single leaf rear springs, wider trunk opening with a mat inside, better bumpers, greater maneuverability, more models to choose from!

And Falcon's prices! start lower!

*After first 1,000 mile change

FALCON VS. CORVAIR

- Falcon is a true family car! It's not only longer but almost 4 inches wider than the Corvaire. It holds 6 big people in comfort. (Just try to seat 6 in a Corvaire!) And that's just the beginning!
- Falcon's engine delivers more horsepower than Corvaire's rear-mounted engine!
- Falcon packs away almost twice as much as Corvaire's front-end trunk!
- Falcon bridges the bumps better with a 1 1/2 inch longer wheelbase!
- Falcon has bigger brakes than Corvaire!
- Falcon seats are comfortably higher—1 1/2 inches higher in front, almost 3 inches in back!

PLUS 33% savings in oil and oil filters, record gas economy, 10% more glass area in the windshield alone, bumpers almost twice as deep—all in addition to Falcon's bigger doors, more shoulder room, deeper seats!

And Falcon's prices! start lower!

*Based on comparison of manufacturers' suggested retail prices, including dealer
